Re GMO Declaration

To Whom It May Concern,

This statement relates to the following products manufactured in Australia by Mauri.

- **Product Name: Maurivin, Mauriferm & Mauribrew Range**

This declaration covers all yeast products manufactured in Australia and New Zealand by Mauri.

This letter is in response to customer requests for information regarding the use of Genetically Modified Organisms in Mauri yeast products.

Mauri yeast and yeast related products are produced from selected strains of *Saccharomyces* and hybrids thereof, supplied by AB Mauri Global Technology Group. None of these strains have been subjected to or modified by recombinant DNA technology. Additionally, yeast strains or yeast related products produced by Mauri have NOT used genome editing or self-cloning procedures.

We hereby confirm that Mauri yeast and yeast related products, including all ingredients and components, do NOT contain genetically modified organisms.

Please note that this information applies until further notice.

If further information is required, please do not hesitate to contact me.

Kind Regards

Heba El Neklawy
