

Chromol STAINLESS STEEL MAINTENANCE

Chromol maintains and protects stainless steel surfaces and leaves a glossy protective film that prevents re-soiling. It gently removes finger prints, water spots and other slightly adhering marks. Water droplets easily roll off and the product prevents re-marking. **Chromol** is easy and economic to use and has a pleasant fragrance.

Application area: For stainless steel maintenance of e.g. cupboards and shelves, walls, elevators, outer paneling of dishwashers and fridges, cookers, cooker hoods.

- Performance: Protects stainless steel surfaces from water droplets, soil and finger prints.
- Efficacy: Treated surfaces can be cleaned easily and gently.
- Safety: A special oil combination forms an uniform protective film on the surface that prevents re-soiling.

USE INSTRUCTIONS

- 1 Check hygiene plan and product label for detailed use information.
- 2 Wear suitable protective clothing when handling the product.
- 3 Before using **Chromol** clean the surface with an all-purpose cleaner.
- 4 Apply **Chromol** undiluted and sparingly on a soft cloth or spray directly onto dry surface.
- 5 Wipe with a lint-free cloth. On brushed surfaces such as extractor hoods, dishwashing machines, elevators etc., rub in direction of the grain.
- 6 No rinse required.
