

## Copper shine special SOFT METAL CLEANER

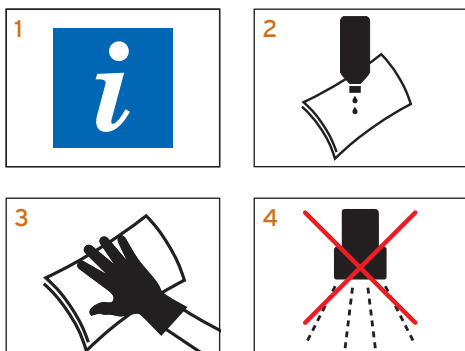

**Copper shine special** is a cleaning product suitable for all ornamental soft metal surfaces such as copper, brass, bronze, or silver. The special combination of surfactants, citrates, and gently scouring ingredients ensure the material friendly removal of oxidation and corrosion, and improves the natural shine of soft metals.

**Application area:** For maintenance cleaning and restoration of all ornamental soft metal objects and surfaces made of copper, brass, bronze. Ideal for bathroom fittings in brass, handrails, and elevator doors.

- **Clean** - The combination of active ingredients ensures effective removal of corrosion stains
- **Safe** - Material friendly formulation allows product use on sensitive soft metals
- **Efficient** - Easily removes oxidation and corrosion and restores the original colour and shine of the surface

### USE INSTRUCTIONS

- 1 Check product label, hygiene plan for detailed use information.
- 2 Apply **Copper shine special** to a cloth.
- 3 Wipe the metal surface to be cleaned and polish the surface with a soft, dry cloth. Apply more pressure if the discolouration is severe.
- 4 No rinse required. Repeat if necessary. Buff for additional shine.

### SPECIAL NOTES / INFORMATION

Shake well before use! Test material compatibility in a small inconspicuous area before use. Do not use on food contact surfaces.
